DESIGN INTERN - SPECULATIVE

We're looking for students on a motion graphics, animation, visual effects, games design or similar course to come and work with us on a 4 week placement. It would most suit students in their second or final year, but we're interested in hearing from any designer in the early stages of their career.

ABOUT POTION PICTURES

Potion Pictures is a BAFTA and award winning visual design company specialising in broadcast, theatre and live events. Recent projects include designing all the show graphics and live augmented reality for Strictly Come Dancing, designing performance screen content for The Masked Singer, logo design for Netflix's Sexy Beasts and designing all the show graphics and branding for Michael McIntyre's The Wheel.

As a design team, we put special emphasis on skill development, peer to peer learning and our overall goal to create outstanding visual design. We increasingly work with Unreal Engine for content, which requires a level of interactivity and programming, such as quiz formats and live performance.

ABOUT THE ROLE

We are seeking an enthusiastic and motivated intern to join our design team at Potion Pictures. As an intern, you will work closely with our team of designers and gain hands-on experience in a fast-paced, dynamic environment. The role is suitable for those with experience using some or all of the following software: After Effects, Cinema 4D, Photoshop, Premiere and Unreal.

The successful candidate will have a genuine passion for visual design and a desire to develop a career in the creative industries. You will be responsible for supporting the team in all stages of the design process from brief to delivery. You will have the opportunity to work on a range of projects, from live onsite events to internal marketing work.

To be successful in this role, you should have excellent communication skills, be able to work well as part of a team, and be very willing to learn on the job. You should also have a strong attention to detail, be able to manage your time effectively, and have a keen eye for design.

EXAMPLE JOB ROLES

- Shadowing designers
- Editing showreels
- Onsite visits for on set experience
- Working on live projects with supervision
- Entry level design jobs
- Helping with clerical duties and office admin
- Helping to prepare marketing materials

EXTRA DETAILS

- Work placements typically last four weeks.
- Will be mainly working in the office with some possible opportunities to work onsite.
- Some weekend working might be required, but unlikely.
- Salary is London Living Wage.

Email CV, link to showreel and covering letter to: jobs@potionpictures.co.uk.

Applicants must be UK residents or enrolled on a UK University degree course.
